Happy Birthday #92105SV-S54

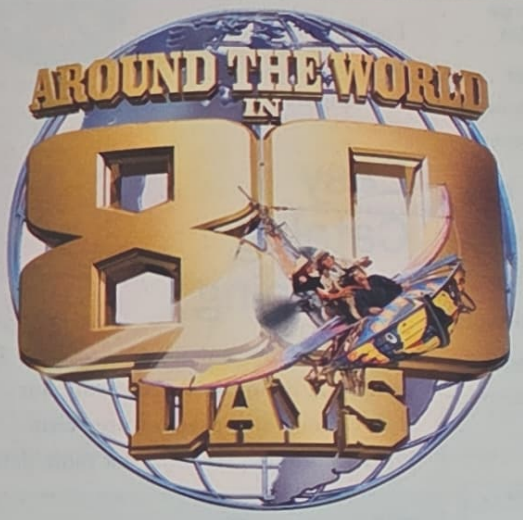
Disney Princess #24440SV-S54

Mickey #24439SV-S54

Fabulous adventures, hilarious predicaments and exhilarating action await an all-star international cast as three unlikely heroes attempt to settle an outrageous wager in Disney's new spectacle for the entire family...

Mickey

Vol. 3, Issue 3



An eccentric London inventor, Phileas Fogg, played by Steve Coogan, has come up with the secrets to flight, electricity, and even rollerblades, but the world has dismissed him as a crackpot. Desperate to be taken seriously, Fogg makes an outlandish bet with Lord Kelvin, the head of the Royal Academy of Science, played by Jim Broadbent, to circumnavigate the globe in no more than 80 days! With his two sidekicks – Passepartout, Jackie Chan, and femme fatale Monique, Cecile de France, – Fogg is headed on a frantic, heart-pounding round-the-world race that takes our heroes to the world's most exotic places by land, sea, and air. Along the way, our heroes face many adventures and obstacles from an all-star cast including Arnold Schwarzenegger, Kathy Bates, Owen and Luke Wilson, and Rob Schneider. Based on the classic novel by Jules Verne, it will take boats, trains, balloons, elephants and prototype planes for our heroes to accomplish their mission. But with a detective following their every move, can they make it *Around the World in 80 Days*?

Mickey Sets Sail

"The Golden Mickeys" brings the next chapter of entertainment to the Disney Cruise Line. The new musical stage show aboard the *Disney Magic* and the *Disney Wonder* exercises the full range of technology housed within The Walt Disney Theatre, making it the most technologically advanced stage show at sea. Vibrant animated backdrops whisk guests from high above Notre Dame Cathedral in one scene to inside a young boy's toy-filled bedroom in another. Dramatic sets create a three-dimensional illusion as films race across stage-size screens and lighting and surround sound casually envelop the audience.

Although based on timeless classics, "The Golden Mickeys" does not retell these big-screen stories. Instead, it uses the comedy, romance, heroes, villains and friendship from these popular films to create a new plot - a distinguished Hollywood awards show in which memorable silver-screen Disney moments are recognized.

As if that weren't enough, adults and teens aboard the *Disney Magic* now have three new venues of their own in which to play. Cove Café

Monthly

From Our Mouse to Your House

with a New Show

provides adults with a quiet spot, all their own, where they can escape to a little respite and enjoy the beauty of the outdoors away from the elements. The Pub Master hosts guests for sporting events, trivia-based game shows, piano sing-alongs and talent competitions at Diversions. With satellite television screens and specialty game tables for backgammon, checkers and chess, the pub joins an already popular line up of spaces on Beat Street, the nighttime entertainment district reserved exclusively for adults. Teens will find a hip, cool, relaxed atmosphere awaiting them at The Stack. Located in the ship's forward faux-funnel atop Deck 11, The Stack gives teens a place to dance, watch TV and music videos, access the Internet and snack with friends. Look for similar changes to appear aboard the *Disney Wonder* later this year!

Euro Girls Save the World!

Take five ordinary girls just going into their teens and give them super powers over the Elements to protect the universe and what do you get? At the start of each Millennium, the fragile border between good and evil weakens and the Oracle of Candrakar must appoint Guardians to protect it. But who will be chosen? Five ordinary teenage girls, that's who!

Conceived and developed in Italy in 2001, "W.I.T.C.H." was created after years of socio-cultural studies of the world of young people so as to enrich, stimulate and encourage girls with positive values that are in keeping with Disney storytelling – courage, loyalty, togetherness, tolerance and team spirit.

Will meets four new friends – Irma, Taranee, Cornelia and Hay Lin – when she and her mother move to Heatherfield and Will attends the Sheffield Institute. Then strange, almost magical things begin to happen…

When the girls learn that each of them is a magical being gifted with special powers –Will controls energy, Irma commands water, Taranee has power over fire, Cornelia controls the earth and Hay Lin dominates the air – they also discover that they must use their powers to guard against evil and to uncover the truth behind mysterious portals leading to other worlds.
